Declaration regarding REACH-regulation EC No 1907/2006

Guldmann A/S is selling articles, which do not release chemical substances. As producer and supplier of articles, we are obligated under article 33 in the REACH regulation to communicate the presence of Substances of Very High Concern (SVHC) in excess of 0.1 weight percent.

The Candidate list containing SVHC under Article 59 in the REACH regulation was published the first time in 2008. New substances are continuously added to the list and it is updated approximately every six month.

Based on the current information we have from our suppliers, our products do not contain Substance of Very High Concern in excess of 0.1 weight percent. In the event this should change we will immediately communicate this to our customers.

Yours sincerely

**V. Guldmann A/S**

Henrik Jensen  
Quality Assurance Manager
