

THE RIGHT MOVES.

EMPOWERING THE FUTURE OF BARIATRIC CARE

Active Healthcare would like to present 'The Right Moves' – our 2019 roadshow.

The Right Moves will bring together two international speakers sharing their experience in caring for patients of size.

A day focused on hands on education, simulation and scenario building and clinical considerations for the person who is obese.

Walk away with direction on how to implement a sustainable handling and mobility program and methods of planning for safe, quality bariatric care.
